It's Getting Better with Biden

January 21, 2022

Making it Easier to Order Free At-Home COVID Tests

This week, the Biden Administration launched a website to make it easier for people to order free, at-home COVID tests. The Administration is also starting a free call line and will work with local organizations to support high-risk and hard-hit communities.

400 Million Free N95 Masks for Americans

The Biden Administration is making 400 million N95 masks from the Strategic National Stockpile free to Americans. The Administration will begin to ship masks this week, which will be available for the public at tens of thousands of pharmacies and community health centers next week.

Historic Investment in America's Port and Waterway Infrastructure

The Biden Administration and Senate Democrats announced more than \$14 billion in funding from the Infrastructure Investment and Jobs Act and other appropriations for over 500 projects across 52 states and territories. These projects will strengthen the nation's supply chain, create good-paying jobs and combat the climate crisis.

One Year Later: President Biden and Senate Democrats Are Putting People First Every Day

Together, President Biden and Senate Democrats have taken action that has saved lives, supported families and small businesses, and gotten our economy back on track.
