It's Getting Better with Biden

May 13, 2022

Bringing Affordable, High-Speed Internet to Millions

The Infrastructure Investment and Jobs Act created the Affordable Connectivity Program to help bring affordable, high-speed internet to millions of households by providing **\$30 per month for their internet bills**. This week, President Biden secured commitments from 20 internet providers to offer households eligible for this program high-speed internet for no more than \$30 per month, making it free for these households.

Lowering Food Costs and Supporting Farmers

President Biden announced actions he's taking to **lower food prices for consumers and support American farmers**. The Biden Administration is providing key tools to help American farmers increase crop production and reduce their costs, while decreasing their environmental impact.
