This week's job numbers are great news: Jobs are up, growth is up and unemployment is down!

- This is the fastest monthly job growth in almost a year
- Nearly one million new jobs were created in the month of July
- Unemployment fell sharply, from 5.9 to 5.4 percent
- We've created over 4 million new jobs since President Biden took office

One million jobs is a lot. And more jobs are coming as we Build Back Better!
